

10th December 2010

TO WHOM IT MAY CONCERN

During 2010 we appointed Lee Skinner of Aushaven Homes to build a duplex in Dixon Road Buderim on our behalf. The project was completed in September 2010 and we were extremely happy and satisfied with the final result. The architect designed plan was a difficult and challenging one which Lee embraced with professionalism and enthusiasm.

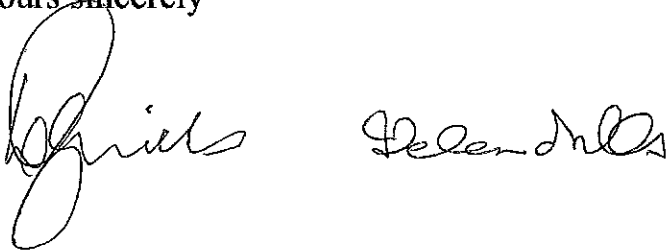

The block itself was steep, weather for much of the building time very wet, and sticky clay underfoot made for an extremely testing building process which greatly extended the abilities of his tradesmen.

The appointed tradespeople were generally of a very high standard and they and Lee were very cooperative with any adjustments and additions that we requested.

Lee was always available for discussion and open communication and at times bent over backwards to please us.

We would thoroughly recommend and use Lee Skinner and his team for any future building projects that may arise, and wish him every success in the future.

Yours sincerely
